### Independence Day

*Fireworks are symbolic of Fourth of July celebrations. Bright, colorful and fun to watch, fireworks can be very dangerous. Even fireworks labeled "Safe and Sane" can severely burn or kill you. In fact, 90% of all fireworks-related injuries are caused by legal fireworks. Instead, the Los Angeles County Fire Department encourages everyone to leave it to the professionals and visit a fireworks show. **All fireworks are illegal!***

**Summit Park Mgmt Team**  
Wishes you a safe & happy 4<sup>th</sup> of July!
